

May 18, 2007

Dear Tron,

I would like to personally write and thank you for your presentation to the Wisconsin Self Storage Association on May 11, 2007 at the Holiday Inn, Janesville, WI. I, along with the eighty attendees, found the information you provided and the style with which you presented it both useful and engaging. Those I spoke to afterwards all relayed the same positive sentiments

As part of the staff that manages other trade associations, I would highly recommend you to them for their functions and programs. Thank you again for your presentation and we look forward to working with you in the future.

Sincerely

A handwritten signature in black ink that reads "Douglas Stangohr". The signature is written in a cursive, flowing style.
